

About Robin

The Bass isn't my original instrument as I learnt Piano & Cello when I was young, playing in school and county orchestras.

I learnt brass and percussion with an Air Training Corps band and then formed a Scout marching band in the early 1970's. This became a Scout & Guide band and then an independent marching band. I arranged both music and marching shows for several marching bands in the southeast.

When I moved to the West Midlands I was involved with Drum Corps before joining Stourport on Severn Brass Band, playing Bb Bass. On moving to the East Midlands, I joined Dunchurch Band. Initially on Bb Bass and then Eb.

I still enjoy arranging music, some of which the band have been kind enough to play. I also seem to have found myself volunteering as band librarian, Webmaster and assisting with the Training Band.
