

About Simon

My name is Simon, 1st Trombone player. I've been playing since i was 13 but had a complete break after starting work at 16.

I resumed when i was 42 after getting a message from Cubbington Silver band regarding playing again. I had several years with them before joining Bilton Silver on 2nd trombone. This only lasted 2 years as i felt the band may be too advanced for myself taught playing.

I joined the District of Dunchurch band until this ceased to exist a couple of years ago. I then moved across the Village to where i am now and never looked back.

Dunchurch is a very friendly band who compete in the 4th Section. We play a great selection of music and perform to a high standard.

I own my own Rath Trombone which i had made for me whilst at Cubbington. I've now ordered a new Rath and hope to receive it soon.

I really recommend anybody interested in brass to come along and joint the band. Full tuition is available for all standards and instruments can be provided.
